

The logo for Urbansolar features the word "urbansolar" in a white, lowercase, sans-serif font. To the right of the text is a stylized sun icon composed of numerous thin, parallel yellow lines radiating from a central point, forming a semi-circular shape.

urbansolar

The background of the advertisement is a nighttime photograph of a park or residential area. Several tall, black streetlights are visible, some of which are illuminated, casting a warm glow. In the background, a house with a porch is lit up, and trees are silhouetted against the dark sky. A paved path winds through the scene.

TURNKEY ILLUMINATION
FOR A **SAFER URBAN**
ENVIRONMENT

RMS SERIES SOLAR LED LIGHTING

WHY SOLAR?

RMS systems offer an eco-friendly lighting solution in a compact, easy to install package ideal for parks, trails, pathways, sign lighting projects and more.

Ideal for pathway lighting

Increase visibility in parks

Remote power and sign lighting

Safer learning environments

RMS SERIES

STAND-ALONE POWER

Say goodbye to trenching, cabling and utility bills

EASY INSTALLATION

Minimal site disruption and downtime

ENHANCED PUBLIC SAFETY

Standalone systems are immune to power outages

ECO-FRIENDLY

Long lasting, fully recyclable batteries eliminate reliance on grid power

ECM CONNECT™

A suite of optional wireless control and monitoring options

UL LISTED SYSTEMS

All systems are tested and certified for safety by Underwriters Laboratories

URBAN SOLAR **ADVANTAGES**

> **Solutions Focused**

Lighting design? Happy to help. Structural calculations? Our pleasure. Security cameras? Motion sensor activation? Give us a call today!

> **Proven Reliability**

Urban Solar has deployed over 8000 systems across the United States and around the world. From the Arizona desert to the snowy mountains of Canada, we have you covered.

> **Exceptional Value**

Urban Solar systems are proudly made in the USA and backed by an industry leading system and battery warranty. A multitude of sizing options ensure that you only pay for the system your project requires.

RMS SERIES

A sleek architectural design and year-round reliability make this series ideal for a variety of outdoor lighting applications.

50W

80W

120W

Array Sizes (W):	50, 80, 120
Battery Capacity:	54 Ah to 180 Ah
Operating Temperature:	-40°C to 80°C (-40°F to 176°F)
Smart Controller:	LED Dimming / Battery Charging / Data Logging
Profiles:	Dusk to Dawn, Split Night, Calendar, Custom
IES Lighting Distribution:	I, II, III, IV
LED Colour Temperature:	2700K to 5000K

Put our **expertise in solar lighting** to work on your next project.
